

## Open Rank Faculty Search Department of Atmospheric Sciences

The [Rosenstiel School](#) at the [University of Miami](#) (UM) invites applications to the [Department of Atmospheric Sciences](#), as part of a cluster hiring initiative to appoint up to 5 tenured or tenure-track faculty members, one per Department, who meet the following qualifications:

- Faculty who add to the long-standing goal of increasing diversity within the Department.
- Faculty who bring visibility, renown, and additional impact to the Department.
  - Current expertise includes tropical convection (e.g., hurricanes), climate dynamics, radiative variability, climate impacts (e.g., climate resilience), cloud processes, and atmospheric chemistry, and we also encourage candidates in other disciplines to apply.
  - We support [undergraduate Meteorology](#), [Master of Professional Science](#), [Master of Science](#), and [Ph.D. programs](#).

Miami is a multicultural, vibrant city, which allows for partnerships with institutions including NOAA and nearby universities, interdisciplinary collaborations across all UM Schools and Colleges, and community engagement and impact within South Florida and beyond. UM actively prioritizes [diversity and faculty career development and support](#).

**Applications will be considered at the Assistant Professor, Associate Professor, and Professor ranks.**

Applications can be submitted via the [UM Careers Website](#).

Feel free to contact Search Committee Chair Sharan Majumdar [s.majumdar@miami.edu](mailto:s.majumdar@miami.edu) with further questions.
